## ARTS & CRAFTS

Promotion of the Brussels know-how in terms of design and crafts in general. This year we will present the creators of accessories with an emphasis on anything renewable or recycled.

This trail will take you from one studio to another, inviting you to discover the creative process of passionate and talented designers.

Organization of workshop visits (open doors, field meetings).  
Particularly on [17 → 18 September 2021](#).

## BRUSSELS DESIGN SEPTEMBER 07→30.09.2021

These past few years, Brussels has incontestably become a city of Design, thanks to the talent and the ingeniousness of our designers. Each year, Brussels Design September highlight a series of events taking place in the city. The festival has become the meeting place for design enthusiasts and encompasses over 100 cultural and commercial events in Brussels. For a month, the city becomes the meeting platform for numerous Belgian and international designers. Brussels Design September gathers activities such as exhibitions, lectures, Arts & Crafts routes, the Commerce Design Award, the Vintage Route or the Contemporary Design Market. So many places for dialogue and meetings between designers, architects and design enthusiasts. A true urban route to be followed going through stores, pop-up stores, galleries and cultural venues..

## CONTEMPORARY DESIGN MARKET

The Contemporary Design Market is an exclusive exposure and sales platform for both established and upcoming Belgium based designers working across design disciplines and with a variety of mediums. It is a unique opportunity to discover designers, meet up-and-coming talents, and of course, acquire authentic Belgian design pieces.

Contemporary Design Market is part of the Design September program and is an initiative of Flanders DC, Wallonie Design and Design September.

architectes

## VINTAGE

### BRUSSELS DESIGN MARKET

Over 100 international exhibitors will surprise the most curious and discerning vintage collectors with authentic furniture, lighting and decoration objects of the 20th Century. More than 10 countries will be represented: this enables visitors to discover and buy iconic pieces from Italian, French, American or Scandinavian design.

MOVING TO A NEW PLACE :  
**THE GARE MARITIME**

**25 → 26 September 2021**  
Gare Maritime, Tour & Taxis  
Rue Picard 11, 1000 Bruxelles  
[www.designmarket.be](http://www.designmarket.be)

THE BRUSSELS  
**DESIGN  
MARKET**

### ECO-RESPONSIBLE SHOPPING, A VINTAGE ROUTE THROUGH THE CITY

The vintage style has become one of the most important trends on the market in the recent years, but it is also a new way of life. The reuse of objects of all kinds, whether they come from the textile, furniture or other sectors, is becoming increasingly common for various reasons. You only have to look at the growing development of the vintage trade: shops, markets, barter, clothing sales, applications, websites (including our partner Design Addict) all these opportunities to buy second-hand are multiplying and making themselves heard!

# COMMERCE DESIGN AWARDS

Design has the power to make these spaces welcoming, attractive, and unique – inside and out. Commerce Design is an award that honors and recognizes commercial projects where business owners have hired professional designers to help them in the design or renovation of their space. Licensed from Montreal City of Design, Commerce Design will recognize projects submitted jointly by the business owner and design team, completed within the last two years in the City of Brussels.

Commerce Design celebrates the impact of commercial design projects in neighborhoods, while also:

- Increasing competitiveness of local businesses
- Growing the market for local design professionals
- Preserving unique local identity and culture

AWARDS

## DESIGN THINKING

More than ever, our societies must reinvent themselves. Our world is changing and undergoing profound mutations : economic, sociological and democratic models must be profoundly questioned... Faced with this situation, new solutions must be found to promote social inclusion, shared values, respect for the environment and a fair and circular economy. To meet these challenges, new tools are needed and Social Innovation Design is one of them.

## LIGHTING DESIGN

ACTLD at BRASSERIE SURREALISTE

"You are falling asleep. Your late-night thoughts fade. Your subconscious slowly takes over. The dream starts. Welcome to our world."

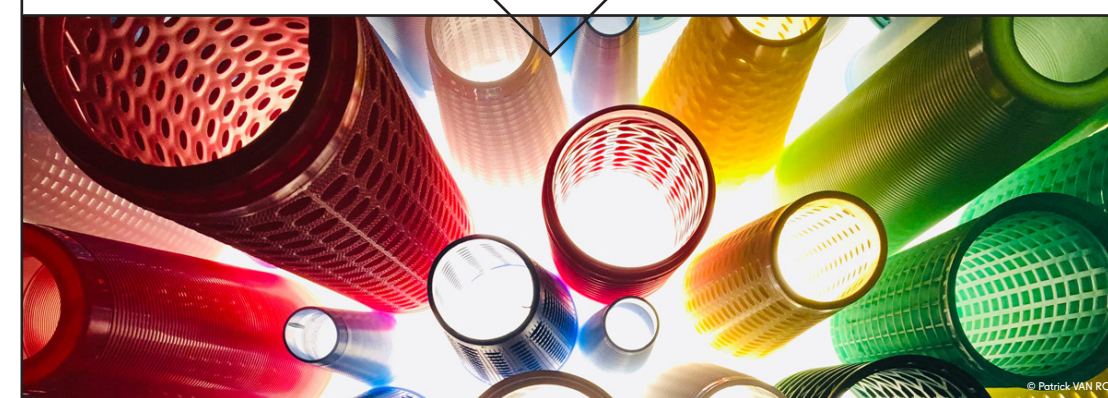

Known for their world-famous experiential projects, ACTLD Design + Experience is one of the world's finest and most sought-after experience design agencies operating from their headquarters in Brussels since 1995. Exclusively designed for the 2021 edition of Design September, ACTLD is proposing an immersive experience bringing the best of their expertise into a single boutique show complete with light, sound and special effects.

TILT at THE DOMINICAN

TILT universe is governed by what will make you melt, by the shapes and colors, by lights and smells, because for them, life is beautiful and it deserves all this.

The idea of TILT's installation at The Dominican is to bring the unique architecture of this design hotel to life. Light passing through colored plexiglass mobiles, will create abstract and moving paintings in the vaults of the courtyard.

At the same time, a very long and thin luminous totem will catch the eyes of the visitors upwards and towards this living light.

COLIVING & SUSTAINABILITY / COHABS ST-GILLES / BY LIONEL JADOT ©COHABS.COM

RESPONSE + RESPONSIBILITY / BLABEL ©BLABEL

## LECTURES

COLIVING & SUSTAINABILITY (FR)

Lionel Jadot and guests  
Lecture at Flagey - [16.09/8.15pm](#)

Lionel Jadot will give us a presentation of the process of creating co-living places, habitats that adapt to new lifestyles. The challenge of shaping new ways of living immediately questions new ways of building and producing. With his guests he will present his working philosophy, the local production, the reuse and rationalization.

RESPONSE + RESPONSIBILITY (EN)

Design for a more responsible tomorrow  
Lecture series at Flagey - [21.09/8.15pm](#)

Response + Responsibility is a lecture series handpicked by HIER, focusing on creative responses and responsible design, in the light of our uncertain future. How can one be more grateful towards nature and take care of it? A pedestal for responsible designers, artists and industries who do little to big gestures towards a more responsible tomorrow.

Conference, [Wednesday September 15th at 6pm](#) :

"Introduction to design thinking: design thinking as a method of innovation"  
by Brainjuice Studio, at [WOKR17](#).

Conference, [Wednesday September 22th at 6pm](#) :

"Designing Togetherness: how offices and homes put community life back at the center?"  
by Brainjuice Studio at [WOKR17](#).

## COLIVING COWORKING

Nowadays, the need to function collectively tends to prevail, on one hand in response to ecological concerns and on the other the advent of the digital age.

New places are appearing, they all have in common the prefix "co-", indicating the collective dimension inherent in these new ways of life. While coworking is the organization of work within spaces shared by various workers, co-living consists of improved collocation, including private and common spaces, but also specific activities and services.

Developers, designers, architects and other creators are at the base of these new places. Their mission: develop spaces adapted to the needs of everyone and answering very precise criteria, such as the social bond, the comfort or the eco-responsible consumption.

# SILVERSQUARE

THE MOST EXCITING COWORKING SPACES IN TOWN. COME & VISIT US ! silversquare.eu

68. SILVERSQUARE BAILLI Designed by Krjst Studio 231 Avenue Louise, B-1050 SQ Bailli is a very unusual and surprising coworking space. The artists, Krjst Studio, have made this place aesthetically appealing to the eye and a must see in Brussels. The colors used in their art offers you a sensorial experience. Meeting rooms on stilts, in a temple or nestled in hand-painted caves with custom-made furniture are all the elements that make the experience unique.

69. SQ DELTA Designed by Krjst Studio 231 Avenue Louise, B-1050 SQ Delta is a workplace where professionalism and creativity meet. The designer, Lionel Jadot has made this space a place with explosive colors and materials. A clever mix of styles that offers a creative working environment.
70. SILVERSQUARE EUROPE Designed by Sébastien Caporusso 35 Square des Meeûs, B-1000 SQ Europe is nestled in the heart of the European district. This coworking space offers an exceptional working environment created by Designer and Interior Architect Sébastien Caporusso. The play of materials and colors will leave you speechless. A brand new space not to be missed

71. SILVERSQUARE CENTRAL Designed by Maniera 50-70 Rue Ravenstein, B-1000 SQ Central coworking space opened its doors in September. MANIERA and the artist collective designed and built the space. The surprising custom-made design furniture offers a unique working experience.
